ROOF RACKS

EASY TO LOAD GALLERY ROOF RACKS, PERFECT FOR CARRYING WIDE LOADS

Our large gallery style van roof rack is perfect for carrying wide loads. Unlike our roof bars, the ULTI Rack van roof rack includes built up side channels and a full length rear roller with every set.

Featuring our patented Click & Lock mechanism, this van roof rack contains half the number of fixings of competitor racks.

ULTIRACK
THE ULTIMATE VAN ROOF RACK

KEY FEATURES

- Easy to load
- Includes rear roller
- Lighter than steel alternatives
- Stylish and aerodynamic
- Fits all major van models
- Fully crash tested
- Click & Lock for faster fitting

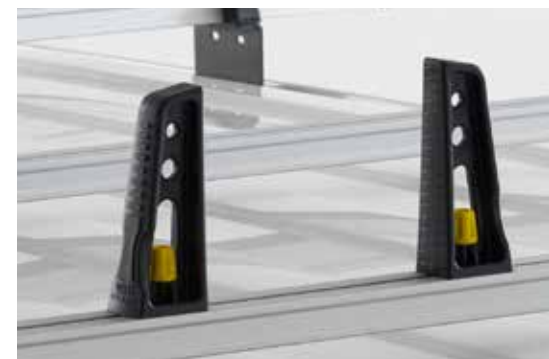

ROOF BARS

HARD WEARING ROOF BARS MADE FOR THE TRADE

The ULTI Bar van roof bars are expertly designed for strength, style and durability.

Taking into account the van's shape and pre-existing fixing points, we have created a roof bar system for almost every type of van on the European market.

KEY FEATURES

- Easy to fit
- Doesn't rust
- Robust and hardwearing
- Fits all major van models
- Range of accessories available

PIPE CARRIERS

PIPE CARRIER

A DEDICATED STORAGE SPACE TO PROTECT CONDUIT

Our Pipe Carriers are renowned across the trades, from plumbers to electricians alike, as the go-to, tried and tested solution for safely and securely transporting copper pipe, plastic conduit, fascias and tile trims on the van during transit.

Our Pipe Carriers come in two different sizes and lengths. There is also the option for a lined pipe carrier. We were the first manufacturer of Pipe Carriers in the UK Van Accessory market and offer the largest range.

KEY FEATURES

- Unlined or lined option
- 2m, 3m or bespoke lengths
- Lockable end caps
- Stylish and aerodynamic
- Weatherproof and durable
- Crash tested

VAN RACKING

**TRADE VAN
RACKING**

COMPLETE DIY VAN RACKING, CUSTOMISABLE TO THE BUSINESS' NEEDS

Trade Van Racking is our latest range of pioneering internal Van Racking.

With its versatile design, it's at home with both fleets and the everyday tradesperson looking for a robust and reliable van shelving solution.

KEY FEATURES

- Easy to fit DIY Racking
- Single and double units
- Full van kits
- Customise with accessories
- Strong and robust
- Flexible shelving design

LADDER LOADER

A SAFE AND EFFECTIVE WAY TO EASILY CARRY LADDERS ON THE VAN

The Ladder Loader allows for a safe and effective way of loading and unloading ladders from the roof of the van to ground level, minimising health and safety issues.

Its ergonomic design with gas strut assistance provides the ideal stowage and deployment system for operators looking to equip their light commercial vehicles with a quick and low risk solution.

KEY FEATURES

- Safely load ladders
- Universal fit
- Unload ladders in seconds
- Carries most types of ladders
- Crash tested
- Easy sliding mechanism
- Twin ladder loader available, allowing 2 ladders to be carried

LADDER SLIDE & SECURE

LOAD LADDERS QUICKLY AND EASILY WITHOUT THE NEED FOR A ROLLER

Our Ladder Slide & Secure system is a cost effective, safe and hassle free way to load ladders quickly and easily without the need for a roller, ladder clamps or climbing on the roof.

Made from anodised aluminium, the system is aerodynamic, lightweight, and extremely strong. Universal in design the ladder slide and secure is designed to fit most medium to large vans.

KEY FEATURES

- Lightweight but strong
- Fits most medium to large vans
- Universal design
- Adjustable strap and buckle
- Crash tested
- Two front retaining arms

REAR DOOR LADDER

PROVIDING EASY ACCESS TO THE ROOF & CARGO

Our rear door ladders for vans are designed to allow access to the roof of the van, enabling loads to be securely fastened into position without unnecessary strain.

Our door ladders are constructed from galvanised steel, then powder coated to help with anti-corrosion. Each step has a lightweight yet robust aluminium tread plate, which provides easier grip for climbing.

KEY FEATURES

- Hard wearing and durable design
- 3 different size of ladder
- Anti-corrosive
- Aluminium tread plate

GENERAL ACCESSORIES

A RANGE OF ACCESSORIES TO COMPLEMENT OUR PRODUCTS

From seat covers to keep the cab of the van clean to external ratchet straps to make carrying loads easier, our accessories are designed to protect the van and equipment stored on it.

VAN LOCKS & SHIELDING

AFTERMARKET VAN SECURITY LOCKS

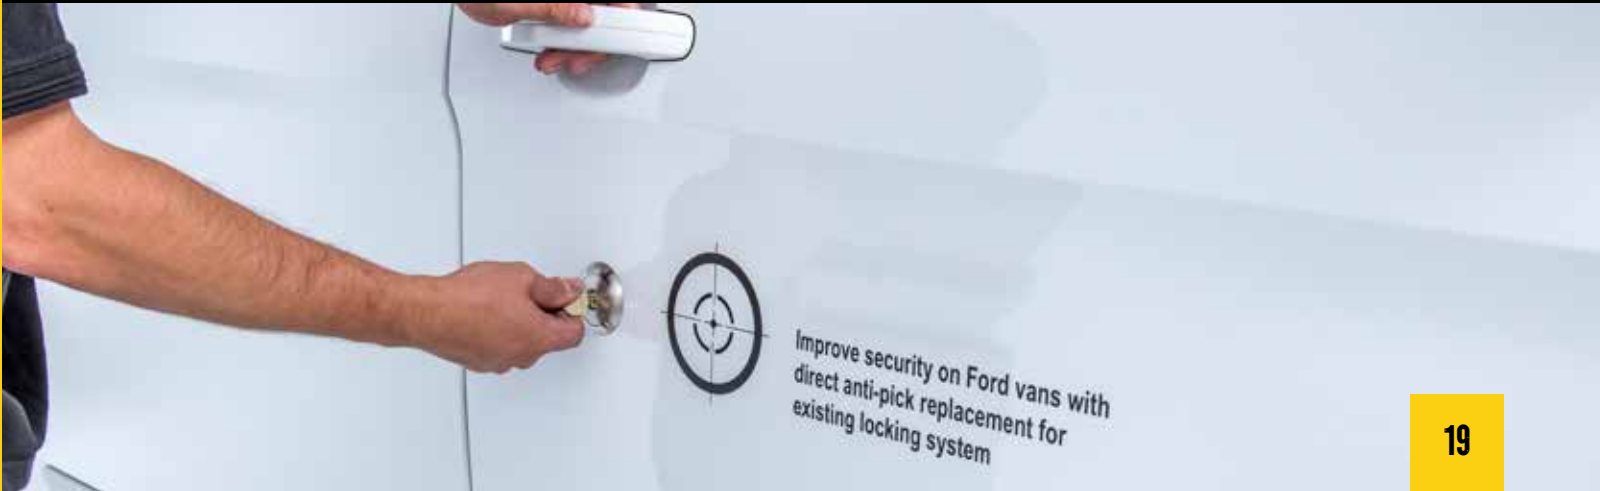

We manufacture a wide range of van lock and van security products that enable tradespeople of the UK and Europe to truly maximise their vehicle's security.

Our high quality, British manufactured van security locks help protect van owners from a growing tool theft epidemic by giving them a vast amount of security solutions to choose from.

KEY FEATURES

- High quality, British made
- Vehicle specific
- Door specific kits as standard
- Keyed alike
- Secured by Design accredited cylinder
- Anti-drill, anti-pick and anti-bump design

TOOL STORE

GREAT VALUE TOOL STORAGE FOR VANS

Our Tool Store is perfect for storing tools inside the van and to deter thieves from stealing tools. Built from strong and durable zintec steel, it's strong, hardwearing and can be secured to the floor of the van.

KEY FEATURES

- Available in 3 sizes
- Tool theft deterrent
- Strong and hard wearing
- Option to secure to the floor
- Integrated locking mechanism

BULKHEADS

A VISUAL BARRIER FOR OPPORTUNISTIC THIEVES

Our aftermarket van bulkheads provide a proven superior deterrent to theft of property from the load area of the van. Manufactured from robust zinc coated steel, and then powder coated in a light grey finish, our bulkheads provide an excellent deterrent to theft by keeping tools, stock and content well hidden.

KEY FEATURES

- Solid bulkhead available
- Punched bulkhead available
- Acts as a safety barrier
- Crash tested
- Van specific range

WINDOW GRILLES & BLANKS

ADDITIONAL SECURITY LAYER FOR VANS

Our aftermarket grilles and blanks provide a proven visual deterrent to theft of property from the load area of the van.

Manufactured from a single sheet of quality zinc coated steel, and then powder coated in a light grey finish, providing excellent anti-corrosion properties.

KEY FEATURES

- Solid (blank)
- Punched (grille)
- Universal sizes
- Proven visual deterrent
- Van specific
- Manufactured since 1995
